FOR IMMEDIATE RELEASE

TechniPak Named to the 2010 Inc. Magazine List of 5000 Fastest Growing Companies in America.

Third Party Logistics Leader ranks #2388 nationwide with a two-year growth of 104%.

Johnson City, TN, September 14, 2010 – For the second successive year, TechniPak, a leading provider of Third Party Logistics solutions, has been listed among Inc. Magazine's 5000, an exclusive ranking of the nation's fastest-growing private companies. The rankings are based on the percentage of revenue growth from 2006 to 2009. Technipak moved up an impressive 1,043 spots from its debut year.

"We are honored to be recognized again by Inc. Magazine as part of its 2010 list, and are very pleased to announce that we are on track to make the 2011 list as well," said Mark Scheidt, President of Technipak. "Our steady growth is a direct result of the hard work and dedication of the Technipak team."

In addition, TechniPak has just expanded its Reno, Nevada location to an expansive 56,000 square foot warehouse. "The impressive growth Technipak has been experiencing on the west coast has enabled us to expand our facilities there. It is a significant advantage to our customers in terms of fast delivery and cost savings " states Mark Scheidt. This location helps to provide a strategic, bicoastal approach to TechniPak's fulfillment services.

Being selected for the Inc. 5000 is a testament to the resilience and resolve of America's top entrepreneurs, such as Technipak, particularly in 2010. Despite the fact that most of this year's measuring period of 2006-2009 took place during the latest recession, aggregate revenue among the companies on the list actually increased to \$321.6 billion, up more than 50 percent from last year.

TechniPak is dedicated to delivering high expectations...consistently. TechniPak's services include order processing and fulfillment, receiving, product procurement, returns, warehousing, kit assembly, packaging, distribution, inventory management, shipping, call center capabilities and advanced information technologies. Clients interface with TechniPak online and have the ability to enter new orders, analyze inventory and returns, via the Internet 24/7.
